# ASC D202

## LIQUID CLEAN-UP MADE EASY

The ASC D202 is an industrial grade vacuum designed to efficiently collect liquid material.

The D202 is fitted with an internal filter, allowing the machine to separate liquid and solid waste without blockage.

It is built with a robust, stainless steel frame that is protected against corrosion, making it suitable for the pickup of harsh liquids.

Thanks to its compact design, the D202 can fit through narrow walkways and reach tight areas using its 5.6m extendable hose.

The machine is easy to transport due to its lightweight build and can be powered by any single-phase power outlet.

### DUAL-STAGE SEPERATION

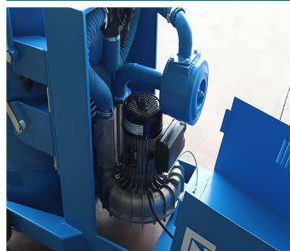

The ASC D202 handles liquid cleanup and captures solids with an internal filter.

### FLOW SWITCH LEVER

A flow lever allows the machine to switch between vacuuming and emptying.

### SIMPLE MAINTENANCE

The D202 is built with minimal components, making it easy to service.

## FEATURES

- Flexible hose up to 5.6 m
- Flow inversion lever for suction and discharge.
- Filter separation basket for solid waste
- Multiple attachments for different cleaning tasks
- Easy to operate
- Heavy-duty stainless steel frame
- Simple bin removal
- Large 180L bin capacity
- Compact and maneuverable
- Runs on single/three phase power

## LONG SUCTION HOSE

The D202 is fitted with a 5.6m suction hose with multiple attachments making it easy to clean in any area.

# APPLICATIONS

Mining, oil pits, locomotives, chemical plants, etc.

# SPECIFICATIONS

TECHNICAL SPECIFICATIONS	ASC D202
POWER (kW)	3 kW
SUCTION INLET (MM)	50
HOSE LENGTH (M)	5.6
DIMENSIONS	1150 x 820 x 1100
WEIGHT (KG)	140
MAXIMUM AIR FLOW (M <sup>3</sup> /H)	300
WASTE CAPACITY	180 L
OUTLET (PHASE)	SINGLE/THREE
MAXIMUM VACUUM	3000 DaPa
