DESIGNED TO CLEAN.  
BUILT TO LAST

# ASC P140

## INDOOR / OUTDOOR SWEEPER

The ASC P140 is built to tackle what other sweepers can't. With 4 oversized, wide-set wheels and offset axles, it glides smoothly across uneven terrain and large open areas, leaving a flawless, track-free finish.

Designed for versatility, the P140 conquers everything from glasshouses with rubber mats to AstroTurf hockey courts, Olympic running tracks, footpaths, and stadiums. Fitted with either soft or hard brushes, it adapts effortlessly to any sweeping challenge.

Dust control is unmatched: an inbuilt high capacity filtration system captures 100% of fine dust, while the optional water suppression system takes performance even further. Powered by a reliable Honda petrol engine, the P140 delivers continuous operation, long run times, and maximum labour productivity.

Available in both low dump and high dump versions, the P140 is proven in the toughest environments. Its uses are limitless — from sports venues and council footpaths to

The ASC P140 isn't just another sweeper. It's the ultimate solution for problematic sweeping challenges, designed to perform where others fail.

## ASC P140 HIGH DUMP

The ASC P140 HD ride-on sweeper, equipped with a **hydraulic high dump system**, is engineered for effective cleaning across soft or uneven surfaces, including greenhouse cultivation floors and outdoor growing areas. Its design specifically accommodates growers operating on ground cover or soil. The machine features wide front and rear wheels, with axles of differing widths, which prevents track formation and helps maintain a smooth, undisturbed surface. Additionally, the ASC P140 HD is capable of efficiently sweeping fine dust particles

## \* MAIN OPTIONS

### SWEEPING WIDTHS

- Central brush: 700 mm
- Dual side brushes: 1,350 mm
- Dual right-side brushes:

### DUST CONTROL & FILTRATION

- 6 m<sup>2</sup> filter surface
- Integrated electric filter shaker for optimal dust capture

### DRIVE & POWER

- Hydraulic rear-wheel traction drive
- Honda 13 HP petrol engine with electric start

### WASTE COLLECTION

- Removable 120-litre debris bin for easy emptying

### MOBILITY & HANDLING

- Turning radius: 3,500 mm
- Includes portable ramp for transport and access
- Its nimble size of 140 cm makes the machine maneuverable enough to navigate most applications without being too big or cumbersome.

### MACHINE WEIGHT

- 480 kg (empty)
- The machine is easy to service and very easy to use. It is a highly productive sweeper — designed, tested, and proven to work in extremely challenging environments.

### GROUND COVER SWEEPER

- ASC P140
- Model: ASC P140  
 Dimensions: 200 cm (L) × 127 cm (W) × 145 cm (H)  
 Sweeping Capacity: Up to 10,000 m<sup>2</sup>/hour

### ITS USES ARE LIMITLESS AND INCLUDE UNIQUE APPLICATIONS:

1. Outback council footpaths and mall areas
2. Grassed oval areas where paper and glass are problematic
3. Chicken sheds
4. Cattle yards
5. Synthetic grass hockey courts
6. Football stadiums
7. Running tracks
8. Glasshouses
9. Nurseries
9. Horse studs
10. Golf courses
11. Shopping centres
12. Car parks
13. Hospital grounds
14. Schools
15. Shooting ranges
16. Undulated walking tracks

Whether you're sweeping fine dust or maintaining pristine greenhouse floors, ASC machines are built to perform—delivering durability, precision, and long-term value for Australian growers and industrial operators.
